FEBRUARY

PROGRAM: BACKYARD WATER GARDENS

14th

6:45 p.m., Wednesday
Bay Beach Wildlife Sanctuary
Speaker: Aaron Klockzien

Sometime in mid-winter, many of us start to think about Spring coming and what kinds of things we'd like to do to improve the backyard. Have you considered putting in a pond?

Aaron Klockzien, owner/manager of Tranquility Pond and Landscape will present a program on building backyard ponds. Using videos to help show how to construct backyard ponds to attract birds and frogs to your yard, Aaron will also show how these ponds can be part of landscaping your yard to make it more attractive.

Allow yourself some time to join us in the Estuary Room downstairs after the program for conversation and snacks.

MARCH

PROGRAM: WISCONSIN FROGS

14th

6:00 p.m. Wednesday
Bay Beach Wildlife Sanctuary
Speaker: Randy Korb

COME EARLY! Randy will be sharing his live Wisconsin frogs with children under 12 from 6 - 7 pm. He will talk about frog calls, the life cycle, and special frog features. The children will then get a chance to hold bullfrogs, peepers, treefrogs, and toads.

From 7 - 8:30 pm Randy will continue his frog presentation for older children and adults, focusing on our native frog species. He will also discuss the problems associated with deformed frogs and declining frog populations. The "old" people will also have a chance to hold a live frog or two.

NEW Audubon's new book and compact disc "Wisconsin Frogs", authored by the presenter, will be available for sale.

Everyone is invited to the Estuary Room for treats and conversation after the program.
