

# Audubon Log

Northeastern Wisconsin Audubon Society, Inc.

## **Audubon Field Trips and Programs**

Field Trips are free for Audubon members, non-members are \$5 for adults, \$3 for children. For more information on field trips call John Jacobs at the Museum 448-4460, ext. 217.

*Wednesday, November 29, 7 pm*

**Aquatic Invertebrates** Neville Public Museum. Charlie Frisk.

*Wednesday, December 6, 7 pm*

**John James Audubon, Artist and Naturalist** Bay Beach Wildlife Sanctuary. Vicki Medland. This will be our annual Christmas celebration and Members' Slide Show with refreshments.

*Saturday, December 16*

### **Audubon Christmas Bird Count**

The count area includes the cities and suburbs of Green Bay and DePere. Howard, Hobart, Allouez, Ashwaubenon, and Bellevue are all included, and feeder watchers in those areas can participate. Please call John Jacobs at 448-4460, ext. 217 for details and forms.

## **Audubon Newsletter Wins Award**

The National Audubon Society granted our newsletter an award for its exceptional quality. Audubon judges compared and rated 77 chapter newsletters from across the country. The *Audubon Log* won third place in the 800–1,000 membership category. Our September/October 2004 edition is featured on Audubon's website.

The award comes at a time when we are discussing the newsletter's future. The newsletter is our greatest expense. Just two issues a year consume nearly all of our annual income. Advertising, sponsors, a grant and/or donated services might cover part or all of our costs.

For further information about the award, please visit: [http://www.audubon.org/local/contest/winners.html#P35\\_1815](http://www.audubon.org/local/contest/winners.html#P35_1815)

## **Atlas of the Breeding Birds of Wisconsin**

Co-edited by Noel Cutright, Bettie Harriman and Robert Howe, this resource is now available on-line, from the WSO Bookstore, or order from your local bookstore. \$40 buys you 620 pages with 1400 photographs, maps and figures, many in color. This publication is the definitive work on the status of Wisconsin's breeding birds. Many local bird experts contributed field work and wrote specific accounts.
